

ABOUT TRADITIONAL CHINESE HERBAL ESSENCE SPA TREATMENT

Treatment Benefits

Primary Benefits:

- Heat relieving with cooling effect (soothe & refresh the dog's skin)
- Anti-bacterial & anti-itch
- Prevents ticks and fleas

Secondary Benefits:

- Also removes body odors
- Retains skin natural nourishment

Ingredients known for its medicinal effect on skin & bacteria

Why Chinese Herbal is effective?

- It's holistic therapy (a total treatment that helps improve overall well-being, rather than just the symptoms)
- Natural and chemical-free
- Hypo allergenic

Complemented with our Microbubble Spa Therapy

Main benefits of our Microbubble Spa

Primary Function

- Not your typical bath. A whole new concept of clean skin
- Works on a much deeper level than any soaps or shampoos as it's made up of tiny bubbles with 1000 micrometers in size.
- A bath that deep cleans the hair of your pet but more importantly, it deep cleans the skin using nothing but micro bubbles
- Helps penetrates inside hair follicles and skin pores
- It enhances the efficiency of any form of "treatment"

Primary Benefits

- Reduces odor, reduces itching, ensures no additional skin irritation and improves results of other skin therapies

Treatment Procedure/Preparation: 50 mins

(Total 110 mins for small / 140 mins for medium / 190mins for large)

✓ Infusing/ Brewing of the herbal essence

✓ Allow steeping for a good 3-5 minutes; for the medicinal properties to fully release the herbal essence's entire flavor

✓ Combine the essence into the microbubble tub and distribute the herbal essence evenly

✓ Immerse & regular massage of the concoction for at least 15 mins for maximum results

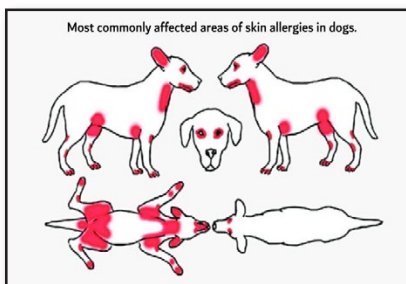

For Best Results

✓ Rest assured our microbubble bath comes with a timer & heater to avoid over-soaking and temperature controlled respectively

✓ No rinsing necessary after spa

This Spa Therapy is best-suited for

Furkids with mild skin allergies or skin sensitivities; the avoidance of soaps, surfactants and chemicals can prove extremely beneficials
